

AMPA

PLASTICS GROUP (Pty) Ltd
Quality and reliability since 1973

Why choose Ampa Plastics?

Ampa Plastics is South Africa's leading supplier of a wide range of thermoplastic materials and branded products that are used in a variety of different industries ranging from mining, farming, and printing, to the automotive industries. Regardless of the polymer Ampa Plastics will create a mix to suit your requirements. All plastics are made according to ISO standards and are available in a range of standard sizes, thickness, and colours. Alternatively, all plastics can be manufactured in order for non-standard sizes.

Product Offering
